

Battalion Swimming/Waterpolo

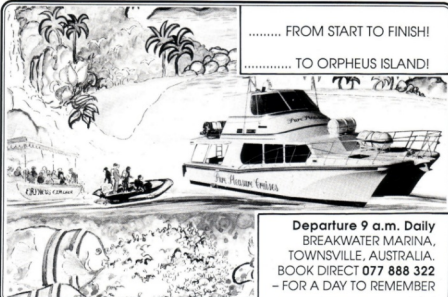

Once again we came close to knocking the champions from their pedestals but just fell short in the pool (like a few shots in the waterpolo, hey Kenno. Sorry, yours were the ones going over the top, weren't they?)

Our swimming team trained well and put everything into the Brigade carnival. Thanks to all the guys who kept turning up and to the guys who are swimmers and in the Battalion in 1988, don't go on any courses or hurt yourself before about Easter, okay?

On the inter-Coy scene, A and Spt companies shared the glory for the second year running.

Unlucky in love, unlucky in waterpolo. Well, forget about the love bit, we were just unlucky in the waterpolo. Now that OPSO 1 RAR is gone, we may just thrash them.

All you swimmers in 2/4 RAR, have a go at polo for '88.
