

# SUPPORT SECTION

Spt Section was raised after 9 Pl was disbanded. Everyone wanted to be in the Section. As so often is the case - many requested but only the best were chosen. After some hectic training and live fire shooting the section was proficient at handling the MAG 58.

Our first test was the deployment to Ex Swift Eagle. They should not have worried. Spt Section decimated the Kiwis, notching up many kills and impressing everyone with our skill, field craft, morale, and 100rd bursts. Not only that, but we were the last (almost) to die (only for the lack of rounds) and only after making numerous counter attacks.

During the deployment to Einasleigh, Spt Section remained in contact for 11.5hrs, until the Bde Comd entered its destruction.

## MEMORABLE MOMENTS

1. PTE Sweet/PTE Craig 100rd bursts;
2. 3 dead rats on the clothes line;
3. PTE Sneddon/PTE Sweet running into the clothes line;
4. PTE Stephens foot odour;
5. CPL Smith/PTE Sneddon first killed at Einasleigh.

## MEMORABLE QUOTES
